To: Lidia Ghosh <lidiaghosh21@gmail.com>

Dear Lidia Ghosh,

Greetings from Team STPEC 2025!

Congratulations! We are pleased to inform you that your Paper ID "1104" titled "Gramian Angular Field-Assisted Deep Learning Approach for Fault Detection and Localization in Electrical Power Network" has been provisionally accepted for presentation and possible inclusion in the 2025 IEEE 4th International Conference on Smart Technologies for Power, Energy, and Control (STPEC 2025) to be organized at NIT, Goa scheduled to be held during 10 - 13 December, 2025.

Authors are requested to follow the instructions below for final camera-ready paper submission:-

1. Please log in to <https://cmt3.research.microsoft.com/STPEC2025/> to view the reviewer comments, if any, and address the concerns/comments of the reviewers in the final camera-ready submission.
2. The authors are urged to ensure that the camera-ready submission strictly follows the IEEE Template given on the conference website. The camera-ready papers that do not meet the template requirements may not be submitted for

Dear Authors,

The publication process is in its final stage, and we are awaiting your revised camera-ready paper (STPEC 2025 Paper ID - 1104). Please find attached the IEEE Crossref plagiarism report for your paper.

You are requested to revise your paper to ensure that the **similarity index is below 30% (including references)** and submit the updated camera-ready version by **11.03.2026 (EOD)** in reply to this email.

Please note that failing to submit the updated paper within the stipulated deadline may result in the paper not being included in the IEEE proceedings.

If you have any queries or require clarification, please communicate at skpatro@ee.iitr.ac.in.

Thanks.

Dr. Soumitra Das
