Subject: Submission of Compiled Manuscripts – Recent Trends in Analysis and Design of Mechanical Systems: Select Proceedings of IEMPOWER 2025, Volume 2

Dear Publishing Team,

As the Volume Editor of the proposed book ***Recent Trends in Analysis and Design of Mechanical Systems: Select Proceedings of IEMPOWER 2025, Volume 2***, I would like to inform you that the complete set of manuscripts from the conference **IEMPOWER 2025 Track 3** has now been compiled. All materials have been organized and uploaded to a shared drive, the link to which is provided below for your complete access:

Drive Link: [<https://drive.google.com/drive/folders/1hg-Bh-xSSVPp7WnZTDpIAK7D0qBV-w2v?usp=sharing>]

Within the drive, the following items are included for your review and processing:

1. Table of Contents:

A document listing all chapters (Chapters 1–16), including the chapter titles, full list of authors, and identification of the corresponding author for each chapter.

2. Chapter-wise Folders:

There are **16 separate folders**, each corresponding to one chapter. Every folder contains the following documents -

- Manuscript **Word file** of the chapter
- **PDF version** of the manuscript
- **Signed Springer copyright form**
- **Turnitin similarity report**
- **Turnitin AI detection report**

(In a few cases where a Word file is not available, the **complete LaTeX source files** have been provided instead)

Additionally, please note that **Chapter 3 contains three appendices (Appendix A, Appendix B, and Appendix C)**. These are placed at the end of the chapter after the conclusion section and before the references.

Please acknowledge the receipt of this email and let me know if any additional information or modifications are required from our side. Once again, thank you so much for your continued support and assistance.

Best regards
