Notification for Paper Id 68**

---

**From** Microsoft CMT <noreply@msr-cmt.org>

**Date** Tue 6/23/2026 3:28 PM

**To** ANASUYA SENGUPTA <anasuya.sengupta@uem.edu.in>

**Paper-ID and Title:** Paper Id 68 - ABANDONED OBJECT DETECTION USING DEEP LEARNING MODELS

**Paper Category:** Regular Paper (Oral Presentation)  
**Status:** Accepted (Revisions Required)

-----

Dear Anasuya Sengupta,

WIN 6.0 2026 received a good number of quality submissions from research scholars all over India and outside India. Each paper has been peer reviewed by independent reviewers, and based on their recommendations, your paper has been accepted, subject to the publisher's final approval. Please note that WIN 6.0 doesn't encourage withdrawals after a paper is accepted.

This email provides you with all the required information to complete your paper and make it ready for inclusion in the Springer proceedings. Please read carefully the following steps before finalizing your paper.

1. The listed comments SHOULD be addressed in your final Camera Ready paper, failing which your paper may not be considered for publication.

WIN 6.0 2026 mandates that the submitted manuscript (including text, figures and tables) is solely from the author's own work and not borrowed from any third party sources, unless the author gets explicit permission for use of the borrowed content from the third party sources. Proper citation and due credit have to be given to the work that is originally published. In addition, reuse of part of a published figure or table necessitates a copyright permission from the publishers that hold the rights.

WIN 6.0 2026 Technical Program Committee considers plagiarism as a serious offence and no author SHOULD violate the ethics of publishing in any form. Any plagiarised content detected after submission of the final materials to Springer may lead to outright rejection of the article along with notifying the concerned authorities about the author's misconduct.

2. Prepare your manuscript using the standard Springer conference template. MSWord and LaTeX Template: <https://win60.iem.edu.in/submission/>. The final paper SHOULD NOT contain page numbers.

3. Please check the following while preparing your final paper.

a) Please use Title Case for the paper title, i.e. capitalising all main words.

- b) All author names SHOULD be accompanied by their respective affiliations in FULL along with their email addresses and ORCID IDs. Moreover, the corresponding author SHOULD also be marked by an asterisk (\*).
- c) Please ensure to add an abstract of no more than 200 words.
- d) You cannot modify the title for the paper.
- e) Your paper SHOULD contain 4-5 keywords.
- f) Prepare a compliance report and indicate the revisions incorporated in your revised paper as per the comments of the reviewers.
- g) DO NOT use "Dr.", "Prof.", "Research Scholar" or any other salutation in the author names.
- h) As per Springer, all authors submitting papers to a contributed volume must grant Springer specific permission to publish the work. This is a legal requirement that arises from provisions of copyright law and acts as additional protection for you. You are therefore requested to fill the Consent To Publish Form (<https://win60.iem.edu.in/submission/>) and submit the scanned version of the signed form along with the final manuscript. Each corresponding author should print the form, enter the title of the chapter as well as the names of the authors at the top of the form and sign it. Important: details of the chapter authors (sequence, names, name and affiliation of corresponding author) given in the Consent To Publish Form should be complete, final and correspond to the details given in the manuscript. As this is a legal document, no further changes at a later stage will be entertained. This document needs to be submitted after the conference.
- i) The similarity report of your paper will be sent to your email address shortly. Your Full paper should not have more than 15% similarity without references. Also, ensure that the single source similarity should not exceed 2%. Authors are advised to ensure that the final CRC (Camera-Ready Copy) manuscript does not have any AI-generated content. Any use of generative AI tools in the preparation of the manuscript must strictly comply with the publisher's and conference's ethical guidelines. The responsibility for the originality, authenticity, and accuracy of the submitted work rests entirely with the authors.
- j) You SHOULD also fill in the Permissions Request Form (<https://win60.iem.edu.in/submission/>) in order to obtain permission to use third-party material, if any, in your manuscript. Even if you have not borrowed any third party material, you SHOULD fill in the relevant details in these forms while putting "N/A" against other irrelevant fields and send the signed and scanned forms along with your revised paper. This document needs to be submitted after the conference.

4. Once you have prepared your final Camera Ready Paper by taking into consideration all the aforementioned checks, please bundle the editable source files of your paper [MSWord document or (.tex, .bib, .eps etc. if using LaTeX)] along with (a) revision notes, (b) signed Consent To Publish Form, (c) signed Permissions Request Form, (d) PDF of the paper, and (e) any other related documents as a single Zip file and send to win60@iem.edu.in with the subject line <<Final Camera Ready Paper for Paper ID: [insert your CMT Paper ID here]>>. PLEASE DO NOT UPLOAD YOUR REVISED PAPER TO CMT PORTAL.

-----  
\* Deadline for camera ready paper: 20.7.2026 (Firm) \*  
-----  
-----

An accepted paper will be published in the book series of springer named LNNS (Lecture Notes in Networks and Systems) accompanied by the proper registration fee payment by at least one of the authors and also presented in the conference.

-----  
-----  
Instructions for Author(s) Registration & Payment of Reg. Fee  
-----  
-----

(a) Each paper must be at least registered by one author for getting it published in Springer.  
(b) Extra page length charges would be applicable beyond 10 pages strictly (on springer Template available on the conference website) @ Rs. 1000/= per extra page (@USD 15 per extra page). You have to make a combined fund transfer in such a case (i.e. Normal Registration + Extra Page Charges).  
(C) Co-Author registration after one full registration of a paper may be made at Rs. 2500/= (50 USD).  
(d) The paper will not be uploaded to springer unless we receive the payment.  
(e) Pay the conference registration fee by using NEFT/RTGS/net transfer in the following bank account, the details of the bank account are given in the following link.  
Name of the Bank: Indian Overseas Bank  
Branch: Sector- V  
Address of the bank: GN- 34/2 Salt Lake Electronics Complex, Sector -V, Kolkata - 700091  
Branch Code: 1642  
Swift Code: IOBAINBB893  
IFSC Code: IOBA0001642  
Party Name: Institute of Engineering & Management Trust  
Account No. 164201000000488  
Type of Account: Savings  
MICR: 700200049

Please note that the authors need to mention the paper id in the remark section while doing NEFT/RTGS/net transfer.

(f) After your paper gets registered, the author needs to take a screenshot of the NEFT/RTGS/net transfer and have to e-mail that screenshot to the conference e-mail id (win60@iem.edu.in) along with their paper id and paper title. If any author will not send the screenshot to the conference email-id then their registration will not be granted or treated as invalid.  
The above registration process should be completed by or before 25th June, 2026 (A strict Deadline).  
After registration, please fill the following form

<https://forms.gle/6xNxXWwGiwph7DZt6>

Early Bird registration is applicable till 23rd June 2026 only.

(g) The process for final paper submission and copyright form etc. would be done by the author after completing the payment (After completion of the registration process).

(h) You are requested to present your paper in person (physically) under the oral presentation session. If you are unable to present in person, you may present online (virtually). If the registered author is unable to make a presentation; the same may be presented physically/virtually on his/her behalf by the co-authors.

(i) For any queries related to the registration visit the conference website or email the undersigned. Kindly mention your Paper-ID (as mentioned above) in each communication for easy tracking at our end and to serve you better in answering your queries.

You need to join the WhatsApp group by using given below link;

<https://chat.whatsapp.com/IaSwCj6tto5HnAqAYFWScA?s=cl&p=a&mlu=2>

The review comment of your manuscript can be available in your CMT account.

Please note that the tentative program for WIN 6.0 2026 would be published shortly in the conference website (<https://win60.iem.edu.in/>). The joining information for attending WIN 6.0 2026 would also be sent to you in due course. Looking forward to meet you during WIN 6.0 2026.

Thanking You,  
Warm Regards

Organizing Chair- WIN 6.0 2026  
IEM, Kolkata India
