Editors

Scientific Reports is run by a team of experienced editors who are experts in their fields. From our Editorial Board Members and Senior Editorial Board to our in-house Editors, we work together to ensure that your research is expertly handled and that we consider it to be technically sound, scientifically valid, and ultimately suitable for publication.

[Interview with Rafal Marszalek, Chief Editor of Scientific Reports](#)

In-house Editors

Chief Editor: Rafal Marszalek, PhD; Springer Nature, UK

Rafal's background is analytical and biological chemistry. He did his PhD and postdoctoral research in single-cell proteomics at Imperial College London, UK. He was an editor at *Genome Biology* before joining *Scientific Reports* in August 2016.

ORCID 0000-0003-0316-1363

Deputy Editor: Junting (Juty) Chen, PhD; Springer Nature, China

Junting holds a PhD in organic chemistry from the Max-Planck-Institut für Kohlenforschung and RWTH Aachen University, followed by nearly five years as an editor for chemistry journals at Wiley. She joined *Scientific Reports* in August 2025 and is based in our Shanghai office.

ORCID 0000-0001-6004-7087

Deputy Editor: Elizabeth Mann, PhD; Springer Nature, UK

Elizabeth has a background in pharmacology and completed her PhD in neuropharmacology at King's College London, UK. She joined *Scientific Reports* in January 2019.

ORCID 0000-0003-2616-3193

Deputy Editor: Sweta Naik, PhD; Springer Nature, India

Sweta has a background in Nanochemistry and completed her PhD in Chemistry from Virginia Commonwealth University, USA. Her interests lie in nanoparticle design and applications. Sweta joined *Scientific Reports* editorial team in 2023 and is based in the Pune office.

ORCID 0009-0008-1309-9050

Deputy Editor: Eve Rooks, PhD; Springer Nature, UK

Eve joined *Scientific Reports* in 2019, after working as an editor on the Royal Society of Chemistry's materials chemistry and engineering portfolio for 3 years. Prior to this she completed a PhD in Earth Sciences at the University of Cambridge, UK in igneous petrology and mantle geochemistry. Her interests lie in materials for energy applications and deep earth geochemistry.

ORCID 0000-0001-5083-5936

Deputy Editor: Akila Sridhar, PhD; Springer Nature, UK

Akila joined *Scientific Reports* in September 2022 after working for four years with BMC Series Journals as a Senior Editor. She has a PhD in Microbiology from University of Aberdeen, UK and worked as an EMBO postdoctoral Fellow at Instituto Gulbenkian de Ciência, Portugal. Over her eleven years in research, she worked on understanding telomere biology and has experience in cell, molecular and developmental biology.

ORCID 0000-0003-1459-5888

Deputy Editor: Snigdha Tiwari, PhD; Springer Nature, India

Snigdha has a background in microbiology and yeast biotechnology. She completed her PhD at S.P Pune University, India, where she studied the biotechnological potential of insect-associated yeasts. She joined *Scientific Reports* in March 2023 and is based in Pune, India.

ORCID 0000-0002-7391-3850

Deputy Editor: Madushi Wanaguru, PhD; Springer Nature, UK

Madushi's background is in biochemistry and molecular biology. She joined *Scientific Reports* in 2019 after a PhD at the Wellcome Trust Sanger Institute in Cambridge, UK and post-doctoral work at the Francis Crick Institute in London, UK.

ORCID 0000-0002-9656-2

Senior Editor: Shelby Bollen, PhD; Springer Nature, UK

Shelby joined *Scientific Reports* in June 2024 as an Associate Editor after her PhD in Medicine and Health Sciences at the University of Nottingham. Her research was primarily focused on the genetics and mechanisms underlying the vitamin D axis in skeletal muscle and, as such, her interests lie in human physiology and metabolism, functional genetics, endocrinology, and ageing. She is based in the London office.

ORCID 0000-0002-3687-9948

Senior Editor: Shital Bonde, PhD; Springer Nature, India

Shital joined *Scientific Reports* in August 2023 after working for two years with the ADIS Insight Drug Team as a senior scientific and medical writer at Springer Nature. She

holds a PhD in Biotechnology from Amravati University and has previously contributed to a project with the Defense Research and Development Organization, India. Her expertise lies in nanobiotechnology, mycotoxins, and clinical research.

ORCID 0000-0002-4973-8976

Senior Editor: Will Bultitude, PhD; Springer Nature, UK

Will joined *Scientific Reports* in November 2022 after completing a post-doctoral position at UCL investigating the genetics of clathrin-mediated membrane trafficking. He also has a background in immunology and transplantation genetics following his PhD at Anthony Nolan Research Institute.

ORCID 0000-0003-2728-4237

Senior Editor: Silvia Butera, PhD; Springer Nature, UK

Silvia joined *Scientific Reports* in March 2021, after being a Research Fellow at the University of Sussex for 5 years. She obtained her PhD in Physics at Heriot-Watt University, UK; her research was in semiconductor detector physics.

ORCID 0000-0002-5321-143X

Senior Editor: Mrigyanika Chakravarty, PhD; Springer Nature, India

Mrigyanika has a PhD in Ophthalmic Genetics from Tezpur University in Assam, India, working on Keratoconus. After this, she moved to the National Institute of Biomedical Genomics (West Bengal, India) for a short-term project on utilization of cutting-edge sequencing technologies in diagnosis of rare diseases. She joined Springer Nature as a Manuscript Editor for *Scientific Reports* in January 2023 and is based in Pune, India.

ORCID 0000-0002-5986-2102

Senior Editor: Githa Ann George, PhD; Springer Nature, India

Githa joined *Scientific Reports* in May 2023, after working for five-years as a Scientific Analyst at Molecular Connections, India. In this role, she curated databases related to biomedicine, including biomarkers and clinical trial records. She holds a PhD in Marine Sciences from the

Cochin University of Science and Technology, India, where her research focused on pioneering tools utilizing marine fish cell lines. These tools are pivotal for diagnosing viral infections and developing vaccines within the aquaculture sector.

ORCID 0000-0002-3145-2048

Senior Editor: Alakananda Karthick, PhD; Springer Nature, India

Alakananda is a diatomist. She joined *Scientific Reports* in 2023 with five years of experience in science communication and a PhD in wetland biomonitoring. Her interests include ecological assessment of water bodies, diatom culturing, and biodiversity.

ORCID 0009-0001-3487-2822

Senior Editor: Sumedha Kondekar, PhD; Springer Nature, India

Sumedha joined *Scientific Reports* in December 2022 after completing a post-doctoral position at Commissariat à l'énergie atomique et aux énergies alternatives (CEA), Fontenay-aux-Roses, France. She completed her PhD from the Indian Institute of Science, Bangalore, India. Her area of research has been biochemistry, bacterial genetics, microbiology with a focus of understanding DNA-protein molecular machineries in a human pathogen *Helicobacter pylori*. Currently, she is based in Pune, India.

ORCID 0000-0003-1416-5466

Senior Editor: João Leite, PhD; Springer Nature, UK

João has a background in biodiversity and population genetics from the University of Porto, Portugal. He joined *Scientific Reports* in 2021 after completing a PhD on the evolution of the dinosaur hand at the Natural History Museum and University College London. His interests include palaeontology, functional morphology, biomechanics, phylogenetics, ecology and biodiversity.

ORCID 0000-0001-9159-4016

Senior Editor: Supriya Lokhande, PhD; Springer Nature, India

Supriya joined *Scientific Reports* in December 2022 as a Manuscript Editor after 4 years within Springer Nature, working with Nature Research Journals and Transfer Desk team. She has a PhD in Physical Sciences from Shivaji University and worked as Dr. D. S.

Kothari postdoctoral fellow at S.P. Pune University, India with a background in nanomaterials with applications in the energy sector. She is based in Pune, India.

ORCID 0000-0003-0696-1470

Senior Editor: Jessica Mengqian Luo, PhD; Springer Nature, China

Jessica Mengqian Luo joined *Scientific Reports* in January 2024 after working for over a year with Collection Management & Acquisition Team as a Commissioning Editor. She completed her PhD in Cell and Molecular Biology from the Chinese University of Hong Kong and worked on protein trafficking and autophagy. She is based in Shanghai office.

ORCID 0000-0002-3212-234X

Senior Editor: Sneha Maheswari, PhD; Springer Nature, India

Sneha joined *Scientific Reports* in September 2023 following her brief post-doctoral study at Agharkar Research Institute in Pune, where she examined the characteristics of probiotics with potential applications in industry. She received her Doctorate in Microbiology from the same university and is an expert in the field of Renewable Energy.

ORCID 0009-0001-7042-7785

Senior Editor: Vijay Kumar Malesu, PhD; Springer Nature, India

Vijay joined *Scientific Reports* in August 2023 after working as a scientific writer at JoVE (*Journal of Visualized Experiments*). He holds a PhD in Biotechnology from KIIT University, India.

ORCID 0000-0003-4925-4661

Senior Editor: Betty Mousikou, PhD; Springer Nature, Germany

Betty did a PhD in Cognitive Science at Macquarie University and then worked in academia for 10 years: she was a Marie-Curie Experienced Researcher at Bangor University, a British Academy Postdoctoral Fellow at Royal Holloway, University of London, and a Research Scientist at the Max Planck Institute for Human Development and the University of

Göttingen. Before joining *Scientific Reports* in March 2023, Betty was an Associate Editor at the BMC Series.

ORCID 0000-0003-0611-9718

Senior Editor: Rucha Paranjape, PhD; Springer Nature, India

Rucha joined *Scientific Reports* in September 2023. She has a PhD in plant molecular biology and metabolomics from S. P. Pune university. She is based in the Pune office.

ORCID 0000-0003-0774-4208

Senior Editor: Claire Potter, PhD; Springer Nature, UK

Claire joined *Scientific Reports* in April 2021 after working at a small academic publishing company for 18 months. She obtained her PhD from Imperial College London, UK and undertook postdoctoral work at King's College London, UK. Her research was focused on vascular biology.

ORCID 0000-0002-6404-2301

Senior Editor: Thomas Tischer, PhD; Springer Nature, Germany

Thomas studied Biochemistry and completed his PhD in Germany. During this time, he worked with *Xenopus laevis* frogs to understand the regulation of the cell cycle. He joined the MRC Laboratory of Molecular Biology in Cambridge, UK as a postdoc where he started to work with mouse oocytes. This experience made him fall in love with microscopy and he subsequently decided to work on centrosome biology in human cells, focusing on protein interactions and ubiquitylation. Thomas joined *Scientific Reports* in October 2022.

ORCID 0000-0002-6845-2762

Senior Editor: Rachel Toth, PhD; Springer Nature, USA

Rachel joined *Scientific Reports* in December 2022 and is based in the Washington DC (USA) office. She completed a Ph.D. in Oncological Sciences at the University of Utah studying epigenetic misregulation in colorectal cancer, after which she studied the tumor microenvironment and drug resistance at the University of Arizona Cancer Center.

ORCID 0000-0001-8897-5045

Senior Editor: Inês Trindade, PhD; Springer Nature, Germany

Inês obtained her PhD from Universidade Nova in Lisbon (Portugal), after which she worked as a postdoc at the Freie Universität Berlin and the Potsdam University (Germany). She has a background in epigenetics, plant development and plant environmental interactions. She joined *Scientific Reports* in May 2022 and is based in the Berlin office.

ORCID 0000-0002-5221-767X

Senior Editor: Chenyu Wang, PhD; Springer Nature, USA

Chenyu Wang joined *Scientific Reports* in 2022 after working as a postdoctoral fellow in Los Alamos National Lab for 4 years. He completed a PhD in Materials Chemistry at SUNY-Binghamton, USA, focusing on leveraging crystal growth knowledge to tailor the structure/properties of nanomaterials. Chenyu specializes in heterogeneous catalysis, material sciences, and energy-related applications. In particular, he finds fulfillment in interacting with researchers and providing quality author experience.

ORCID 0000-0001-8447-5086

Senior Editor: Junxia Wang, PhD; Springer Nature, China

Junxia joined *Scientific Reports* in 2024, and is based in Beijing, China. She completed her PhD at Xiamen University in July 2021, devoted in developing highly efficient molecular evolution platforms, followed by two years of postdoctoral work on pharmaceutical mRNA vaccines delivery at Zhejiang University. Her interest includes biotechnology, analytical chemistry, biomedical engineering, and pharmaceutical science.

ORCID 0000 0002 0596 7347

Associate Editor: Vandana Agarwal, PhD; Springer Nature, India

Vandana has a background in life sciences and neuroscience. She completed her PhD in Neuroscience from National Centre for Biological Sciences, India, where she studied information processing in the cerebellum. She joined *Scientific Reports* in December 2024 as Associate Editor and is based in our Pune office.

ORCID 0009-0003-5451-4277

Associate Editor: Anmol Bhatia, PhD; Springer Nature, India

Anmol joined *Scientific Reports* in January 2026. Her doctorate is from Thapar Institute of Engineering and Technology, Patiala, specializing in molecular epidemiology and bioinformatics. Her doctoral research explored single nucleotide polymorphisms in microRNA genes and their association with lung disorders. Anmol's scientific interests span non-coding RNAs, COPD, lung cancer and population genetics. She is based in the Pune office, India.

ORCID 0009-0007-8093-4186

Associate Editor: Satej Bhushan, PhD; Springer Nature, India

Satej joined *Scientific Reports* in September 2023 after working as a Project Scientist at CSIR-CSMCRI. He has a PhD in Biosciences from Central University of Punjab, India, with expertise in phycology and molecular biology

ORCID 0000-0003-0790-5673

Associate Editor: Avinash Deore, PhD; Springer Nature, India

Avinash completed a PhD in Physics from S. P. Pune University, India. He has a background in Materials Science, Nanotechnology, and Radiation Physics. Avinash joined the *Scientific Reports* editorial team in May 2025 and is based in the Pune office.

ORCID 0000-0003-2412-4617

Associate Editor: Shreyas Deshpande, PhD; Springer Nature, India

Shreyas has a PhD in Plant Science, with specialization in Plant insect interaction and Chemical ecology, from Department of Botany S.P. Pune University, Pune. He joined *Scientific Reports* in March 2024 and is based at the Pune office.

ORCID 0000-0003-3434-8630

Associate Editor: Praveen M Dhulavvagol, PhD; Springer Nature, India

Praveen's background is in Machine Learning and Blockchain Technology. He completed his PhD in Blockchain Technology at KLE Technological University, India. Praveen joined *Scientific Reports* in 2025 and is based in the Pune office.

ORCID 0000-0002-5293-4572

Associate Editor: Robbie Girling, PhD; Springer Nature, UK

Robbie joined *Scientific Reports* in November 2025. He previously held Professorial positions in Agroecology and Sustainable Agriculture in the UK at the University of Reading and in Australia at the University of Southern Queensland. He has 25 years' research experience in Ecology and Environmental Science.

ORCID 0000-0001-8816-8075

Associate Editor: Amruta Jadhav, PhD; Springer Nature, India

Amruta has completed her PhD in molecular biology from National Centre for Cell Science (NCCS), Pune, with specialization in chimeric transcripts and their role in cancer. She has expertise in molecular and cell biology. Amruta joined *Scientific Reports* in July 2026 and is based in our Pune office.

ORCID 0009-0002-4045-5897

Associate Editor: Shubhada Kale, PhD; Springer Nature, India

Shubhada has a background in Pharmacology and Biotechnology. She completed her PhD at Robert Gordon University, Aberdeen, UK, where her research investigated the potential of daffodil-derived bioactives to prevent endothelial dysfunction associated with non-alcoholic fatty liver disease (NAFLD). She joined *Scientific Reports* in July 2026 and is based in our Pune office.

ORCID 0009-0001-9448-2682

Associate Editor: Mahesh Khot, PhD; Springer Nature, India

Mahesh has a background in oleaginous fungi and fatty acid-based biofuels. He did a PhD in microbiology at the S. P. Pune University in India, followed by working with

biotech start-ups and postdoctoral research at the Universidad de Concepción, Chile. He joined *Scientific Reports* in September 2023 and is based in the Pune office.

ORCID 0000-0002-8504-3098

Associate Editor: Pallavi Kulkarni, PhD; Springer Nature, India

Pallavi, whose background is in cancer biology, molecular biology, and 3-D in vitro tumor models, earned her PhD in Biochemistry from AIIMS Bhopal, India. Her doctoral research explored the role of tumor microenvironment in breast cancer metastasis. She joined *Scientific Reports* in January 2026.

ORCID 0009-0003-5453-9247

Associate Editor: Kasturi Joshi Navare, PhD; Springer Nature, India

Kasturi has a background in microbiology, biotechnology, and biomaterials research. She completed her PhD at the National Chemical Laboratory, Pune, and later did her postdoctoral research at Northeastern University, USA. She joined *Scientific Reports* in July 2026 and is based in Pune, India.

ORCID 0000-0002-4529-8731

Associate Editor: Pradyumna Paranjape, PhD; Springer Nature, India

Pradyumna joined *Scientific Reports* in November 2024. He has a PhD in Molecular Biology from CSIR-Centre for Cellular and Molecular Biology, Hyderabad, India, with expertise in Host-Pathogen Interactions, transcriptomics, modeling, and computational simulation.

ORCID 0000-0002-5857-5128

Associate Editor: Eshita Paul, PhD; Springer Nature, India

Eshita joined *Scientific Reports* in September 2024 after completing a post-doctoral position at Centre for DNA Fingerprinting and Diagnostics – CDFD, Hyderabad. She completed her PhD in Biochemical Engineering from Jacobs University Bremen, Germany. Her area of research has been molecular biology, microbiology, and biochemistry with specialization in Bacterial outer

membrane proteins, efflux pumps and pediatric rare genetic disorders. Currently, she is based at the Pune office.

ORCID 0009-0008-5351-1775

Associate Editor: Radhika Pophali, PhD; Springer Nature, India

Radhika joined *Scientific Reports* in July 2025 and is currently based in the Pune office. She holds a Ph.D. in Biotechnology from Nagpur University, with research conducted at CSIR–National Environmental Engineering Research Institute, Nagpur. Her research areas include microbiology and molecular biology. Previously, she was associated with ADIS Insight, Springer Nature, for nearly five years.

ORCID 0009-0009-5235-6053

Associate Editor: Lin Qian, PhD; Springer Nature, China

Lin has a background in Environmental Chemistry and conducted his PhD and postdoctoral research at Helmholtz-Zentrum für Umweltforschung in Leipzig. Prior to joining *Scientific Reports* in September 2025, he worked in industry as a research associate focusing on the development of sorbents and catalysts for environmental applications. Lin is based in the Shanghai office.

ORCID 0000-0002-7907-3178

Associate Editor: Bin Qu, PhD; Springer Nature, China

Bin has a background in geoscience and completed his PhD in Environmental Science from Lappeenranta University of Technology, Finland. He has over 10 years' research experience in earth system observation and climate change governance in university and international organizations. Bin joined *Scientific Reports* editorial team in 2025 and is based in the Shanghai office.

ORCID 0000-0003-3582-4977

Associate Editor: Joyce Rafferty, PhD; Springer Nature, USA

Joyce obtained her PhD in Neurogenetics from University College London (UK) in collaboration with the National Institute on Aging (MD, USA). She has also worked in Neural Stem Cell Institute, University of California San Diego, Salk Institute, and Lieber

institute for Brain Development on various aspects of neuroscience and stem cell research. Prior to joining the *Scientific Reports* in 2024, she was a scientific writer at University of Maryland School of Medicine (MD, USA). Her research interests cover anything science, with particular fondness for human genetics and neuroscience. Joyce is based out of the Washington DC office.

ORCID 0000-0003-1903-7295

Associate Editor: Dhanashree Swami, PhD; Springer Nature, India

Dhanashree has a background in Plant Biotechnology and Biochemistry. She completed her PhD from Savitribai Phule Pune University, India, where she carried out phytochemical exploration from mangrove and non-mangrove plant. She joined *Scientific Reports* in August 2023 and is based in Pune, India.

ORCID 0000-0002-1032-8099

Associate Editor: Mahak Tiwari, PhD; Springer Nature, India

Mahak did her PhD in Stem cell biology from National Centre for Cell Science (NCCS), Pune (India), with specialization in understanding intracellular trafficking in mESC development and differentiation. She has expertise in cell biology and molecular biology. Mahak joined *Scientific Reports* in May 2025 and is based in our Pune office.

ORCID 0009-0007-9767-1888

Associate Editor: Lingyi Xu, PhD; Springer Nature, USA

Lingyi joined *Scientific Reports* in February 2025. She holds a Ph.D. in Electrical and Computer Engineering from Rutgers University. Her research on trustworthy and reliable artificial intelligence—which aims to enhance the capabilities of AI models and agents in understanding visual data to make interpretable, reliable, and trustworthy decisions—draws on the intersection of optimal control, machine learning, computer vision, reinforcement learning, and game theory.

ORCID 0000 0003 2984 7849

Associate Editor: Sagar Yadav, PhD; Springer Nature, India

Sagar has a background in Plant Molecular Biology and Biotechnology. He completed his PhD at CSIR-National Chemical Laboratory, Pune, India, studying the molecular analysis of plant-fungus interactions. His interests lie in plant biotechnology, plant-pathogen interaction, and omics. He joined *Scientific Reports* in September 2023 and is based in Pune, India.

ORCID 0000-0001-7807-661X

Senior Editorial Board

Senior Editorial Board Members of *Scientific Reports* handle manuscripts in a broad range of topics within their general areas of expertise, in addition to advising on editorial board and journal development. The Senior Editorial Board is selected based on exceptional contributions to the journal.

Derek Abbott, PhD, University of Adelaide, Australia - Biological Physics

Angel Abuelo, DVM, MS, PhD, Dip. ECBHM, Dip. ABVP, Michigan State University, USA

Editorial Board Members

The Editorial Board manages the peer review process and makes final decisions on whether papers should be accepted. To learn more about some of our Editorial Board Members and discover what inspires them, please visit our [Editorial Board highlights](#) page.

The Editorial Board comprises experts from all major fields within the clinical, biological, chemical, physical and earth sciences, to ensure that each submission is handled by a specialist with an active research career.

The Editorial Board is structured around the following categories:

- [Registered Reports](#)

REGISTERED REPORTS

Deborah Apthorp,

University of New England, NSW, Australia

Stepan Bahník, Dr.

Prague University of Economics and Business, Czech Republic

Ina Bornkessel-Schlesewsky,

University of South Australia, Australia

Kait Clark,

University of the West of England, United Kingdom

Peter Etchells, BSc (Hons), MSc, PhD

Bath Spa University, United Kingdom

Fernando Ferreira-Santos, PhD

University of Porto, Portugal

Christoph Harms, Dr. med.

Charité - Universitätsmedizin Berlin, Germany

Max Houck, Dr.

FIU Global Forensic & Justice Center, United States of America

Xiaolei Huang, PhD

Fujian Agriculture and Forestry University, China

Aliza le Roux,

University of the Free State, Qwaqwa campus, South Africa

Cilene Lino De Oliveira, Professor, PhD

UFSC, Brazil

Ewout Meijer,

Maastricht University, The Netherlands

Amanda Montoya,

University of California, Los Angeles, United States

Cyril Pernet,

Copenhagen University Hospital, Denmark

Gerit Pfuhl,

NTNU, Norway

Madeleine Pownall, PhD

University of Leeds, United Kingdom

Roberta Sinatra, BSc, MSc, PhD

University of Copenhagen, Denmark

Michelangelo Vianello, PhD

University of Padua, Italy

Samuel Westwood,

University of Westminster, United Kingdom

Yuki Yamada, Dr.

Kyushu University, Japan

Adama Diouf, Professor/Senior Lecturer and Researcher in Food and Human Nutrition at Cheikh Anta Diop University of Dakar (UCAD). My expertise spans nutrition across the life course, food environment/systems, and diet-related non-communicable diseases. I supervise Master and Doctoral students across national and regional public university. With more than 20 years of experience. My key focus is the translation of science into effective policy. I lead several national and regional scientific projects specifically aimed at generating evidence to inform and strengthen food-based policies, and is an active member of national and international scientific/ technical, committees and networks, as attested by numerous publications in the domain. As part of REPSAO (Réseau de recherche sur les Politiques et Systems Alimentaires en Afrique de l'Ouest), I initiated in 2019, I has significantly strengthened regional research capacity in sustainable food environments in Senegal and across West Africa."
